June 2023

Coursework: Databases and SQL for Data Science with Python, Data Visualization with Python, Data Science Methodology

WORK EXPERIENCE

Pinestone Asset, Shanghai, China

July 2024 – August 2024

Quantitative Researcher

- Aggregated 20 years of minute-level CSI 300 and SSE 50 data and standardized data formats using NumPy and Pandas
- Identified missing data and anomalies using statistical summaries and visualizations created with Seaborn and Matplotlib
- Conducted exploratory analysis on a volume-based trading strategy, uncovering its lack of profitability
- Published a polished dataset and detailed analytical report in the internal research database to support trader decision-making

Sealand Securities, Shanghai, China

June 2023 – August 2023

Data Analyst

- Extracted and preprocessed stock data from data vendors using SQL, DBeaver, and Pandas to fulfill analyst requests
- Organized datasets and streamlined workflows, enabling analysts to concentrate on modeling and strategic decision-making

Academic Technology & Consulting, Bowdoin College, Brunswick, Maine

May 2022 – September 2022

Canvas Migration Project Assistant

- Reviewed the accuracy and accessibility of 1,500+ courses on a new campus-wide Learning Management System (LMS)
- Identified and resolved accessibility issues by implementing alt text, subtitles, and OCR-compliant PDFs to meet the college's accessibility standards, improving content accessibility and inclusivity for 2,000+ users

LEADERSHIP AND ACTIVITIES

Crew Team, Bowdoin College, Brunswick, Maine

August 2021 – Present

Rower

- Compete in state and national rowing championships, balancing rigorous academics with 20 hours of weekly training
- Coordinate intramural hockey teams, group rides, dinners, and other group bonding activities to enhance team cohesion

Residential Life, Bowdoin College, Brunswick, Maine

May 2023 – Present

Residential Advisor

- Facilitate reflective conversations and weekly dinners on social justice, violence prevention, and mental well-being, fostering an inclusive environment that empowers 16 first years to grow personally and engage actively in the community
- Mediate conflicts between residents by promoting active listening, open communication, and collaborative resolutions
- Conduct interviews with professional staff to select qualified candidates for College House and Residential Life positions
- Represent student perspectives in focus groups, offering input to administrators on hiring decisions and strategic planning

Residential Life, Bowdoin College, Brunswick, Maine

August 2022 – June 2023

College House Programming & Cohesion Committee Chair

- Managed a \$6,000 budget to implement inclusive programs such as a Friendsgiving dinner for students unable to travel home, a Halloween "Haunted House" event for children in Brunswick area, and a Tea & Stitch session during reading period
- Collected feedback from sophomores to develop career, wellness, and entertainment initiatives in collaboration with Residential Life, student government, and deans, hosting events like a spikeball tournament and gala to build class identity

McKeen Center for the Common Good, Bowdoin College, Brunswick, Maine

August 2022 – September 2022

Community Immersion Orientation Trip Leader

- Co-led a 5-day community service trip for 12 incoming first-year at local food banks, soup kitchens, and community centers
- Supported participants in managing homesickness while introducing them to the culture, resources, and community of Maine and Bowdoin, setting expectations for their college transition through engaging activities and reflective conversations
